Programme Duration 2, 3 or 4 week programmes

## What to expect

On our High School Immersion for Individuals programme, students will attend a British state school, following the same academic curriculum as local students of their age.

Each student will be assigned a British student 'Buddy' who will attend some classes with them and help them adjust to life in their new school.

Involvement in sports and arts may be compulsory, and participation in extra-curricular activities will be encouraged.

## Day by Day

Students will be responsible for getting themselves to and from school.

Most of our host families live within walking distance from the school. Where students need to travel by bus, this will be covered by the included travel card.

Programme timetable is for illustrative purposes only. Each student will have an individual programme of study. Subjects, timings and activities will vary.

	MON	TUES	WEDS	THURS	FRI	SAT	SUN
Day (09:00 - 15:00)	Academic immersion classes with British students (e.g. Maths, Science, History etc.)					Optional full day excursion	Family time
After School (15:00 - 19:00)	Fish & Chips supper	Family time	Cinema trip	Sports	Family time		
Evening (19:00 onwards)	Family time						

## Shared Host Family Accommodation

In order to maximise real-world learning opportunities, students will live with a British host family, sharing a room with another student of the same sex on the programme.

All of our host families live near the school and will accompany students to school on their first day.

## Activities & Excursions

Three after school activities are included with the programme. These can be either indoors or outdoors dependent on the weather. All activities will be overseen by our local HSI Group Leader.

If there is enough demand, we can arrange a full day excursion for students at weekends.

Details of included activities will be finalised closer to the time of the programme.

Excursions will be operated by a third party group.

## Airports & Transfers

As a multinational programme we make arrangements for transfers to and from one airport. There may be periods of time where students could wait at a pre-arranged area while other members of the group arrive.

Transfers to and from the designated airport are included in the price of our programme. If a student wishes to arrive and depart from a different airport a separate transfer can be arranged, and will be charged at cost.

Details of transfers will be confirmed prior to departure.
